ACTIVITY: Make Puff!

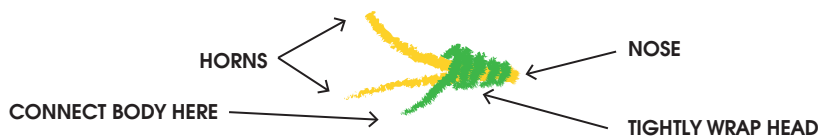

INSTRUCTIONS:

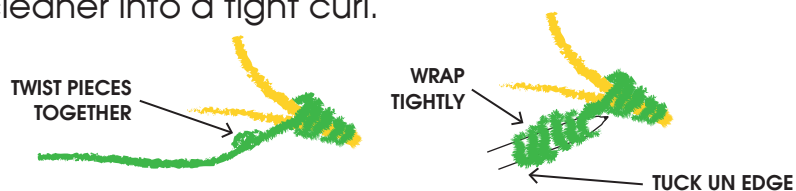

1. Cut the yellow pipe cleaner in half. Then fold one piece in half.

To make the head, wrap a green pipe cleaner around the folded yellow pipe cleaner leaving a bit of the yellow end poking out (the nose). Leave half ($\frac{1}{2}$) an inch of the yellow pipe cleaner edges unwrapped to become the horns.

2. **To make the body,** twist a second green pipe cleaner together with the end of the first green pipe cleaner. Use a pen to help wrap the pipe cleaner into a tight curl.

3. **To make the legs,** cut a green pipe cleaner in half. Put one to the side and cut the other half in half again.

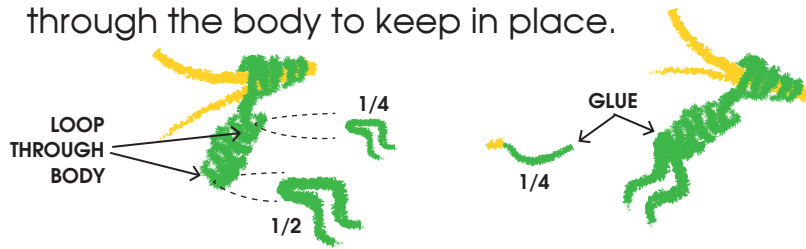

SUPPLIES:

- 4 Green pipe cleaners
- 1 Yellow pipe cleaner
- 2 Googly eyes
- Green or yellow paper
- Liquid Glue
- Scissors

INSTRUCTIONS (CONTINUED):

4. Use the quarter of the pipe cleaner to make the front legs. Use the half pipe cleaner to make the back legs. Fold the pieces in half and push through the body to keep in place.

5. **To make the tail**, wrap a small amount of the yellow pipe cleaner around the last quarter piece of green pipe cleaner. Put some glue on non-yellow end of the tail and insert into the end of the body.

6. Glue the googly eyes to the head.

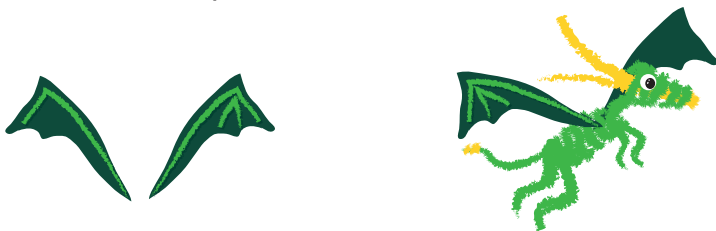

7. **To make the wings**, cut the last pipe cleaner in half. Fold each piece into an M shape. Cut the pipe cleaner so you are left with two V shaped pieces of pipe cleaner.

8. Glue these pieces onto the piece of green or yellow paper so they look like the image below.

Trim the paper to fit the wings.

When completely dry, push the pieces of paper into the body coils.

9. Go frolic in the mist in a land called Honalee!
