Instructions for Yellow Duck

If needed, use the photo for reference

1. Cut out all the circles from the page provided.
2. Fold the largest yellow circle in half to create the body of the duck.
3. Glue one of the medium yellow circles along the folded edge of the large circle to create the head of the duck.
4. Fold the remaining yellow circle in half and glue it to the body of the duck to create the wing.
5. Fold the three orange circles in half and use them to create the feet and beak for the duck.
6. Add the googly eye to the duck.
